

Farm Pick Up Vehicle Requirements

Location:

65 Wrights Road Bundalong.

From Bundalong: take the Murray Valley Highway, 2km past Bundalong General Store on LEFT is Wrights Road. We are approx. 650m on the LEFT.

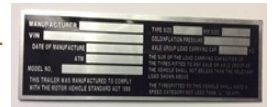

From Yarrowonga: take the Murray Valley Highway 10km. Wrights Road is on the RIGHT. We are approx. 650m on the LEFT.

General Information & Weight

- Approx 60m of turf weighs 1 tonne
- 70m pallets weigh approx 1.1 –1.2 tonne
- Pallets are 1250 x 1250mm secured with plastic wrap
- Pallets are not supplied with turf. If you wish to bring pallets they must be heavy duty full size pallets (eg: blue CHEP or red LOSCOM pallets)

Pick Up by trailer

Check your trailer rating and load limit – Look for the information on your trailer

Orders over 40m picked up from the farm by trailer must have electric brakes (Vic Roads requirement is any load over 750kg must have electric brakes)

Check your car towing capacity – Look for the information on your car

As a guide, 6 x 4 trailers are too narrow to load by forklift, this means usually 30-40m can fit maximum.

Trailers must have a solid flat floor. Some Car & Bike trailers with wheel guides will not be suitable.

Box Trailers or enclosed trailers may be unsuitable to load by forklift and require hand loading please speak to us first.

Trailer examples:

6 x 4 trailer : single axle

Trailer : double axle

Bike trailer : Unsuitable

DO NOT FORGET YOU MUST SECURE YOUR LOAD

Bring appropriate ties

For further information please contact: 1800 069 229 or www.kentuckyturf.com.au

Farm Pick Up Vehicle Requirements

Pick Up by truck

Know your truck load rating

A flat bed/tray truck is best for farm pick ups.

We cannot load more than 2 pallets onto a 'tipper' or rear access tray

Ensure your load is properly secured with tie downs

Turf pallets are slightly wider than normal pallets, this means you can carry less pallets with turf than usual.

If hiring an enclosed truck with rear loading access only. Max 2 pallets can be loaded and you must bring you own heavy duty or hardwood pallets

Flat bed/tray truck

Pick Up by ute

Know your load limit

A flat bed tray is best

We cannot load pallets into a tub tray, as a guide the limit is 30m

Ensure your load is properly secured tie downs

Flat bed tray ute

Tub tray ute

DO NOT FORGET YOU MUST SECURE YOUR LOAD

Bring appropriate ties

For further information please contact: 1800 069 229 or www.kentuckyturf.com.au
